

KHUSHAL SAINIWAL

B.Tech (Computer Science & Engineering)

Phone: +91 6376394788 | Email: ksainiwal05@gmail.com

LinkedIn: linkedin.com/in/khushal-sainiwal | Github: github.com/khushal-05

PROFILE HIGHLIGHTS

- Computer Science graduate with experience in Python, AI/ML, and NLP-based projects.
- Proficient in **Python, C++, MySQL** and hands-on experience with **Cloud Platforms (AWS)**
- Strong foundation in **Object-Oriented Programming (OOP)** and the complete **SDLC** lifecycle.
- Strong analytical and problem-solving skills with hands-on AI/ML project experience.

PROJECTS

Multilingual Fake News Detection using XLM-RoBERTa and MuRIL 2026

- Developed a multilingual fake news detection system using transformer-based models including XLM-RoBERTa and MuRIL.
- Trained and evaluated models on 250K+ multilingual news samples spanning multiple languages.
- Designed an ensemble learning approach achieving **84.7% F1-score and 94.3% ROC-AUC**, outperforming standalone transformer models.
- Performed data preprocessing, tokenization, model fine-tuning, and comparative performance evaluation for multilingual text classification.

Rainfall Prediction Classifier (Python & ML) 2026

- Built a predictive model using **Pandas, NumPy, and Scikit-learn** to analyze weather patterns.
- Troubleshoot model bottlenecks and achieved a 15% increase in prediction accuracy via hyperparameter tuning.

TECHNICAL SKILLS

Languages: Python, C++, SQL
Cloud/DevOps: AWS (EC2, S3), Microsoft Azure, Docker, Git, Linux
AI/ML Libraries: TensorFlow, Keras, Scikit-learn, Pandas, NumPy
Databases: PostgreSQL, MySQL, Supabase

INTERNSHIP EXPERIENCE

Codec Technologies Pvt. Ltd. June 2025 – August 2025

Data Engineering Intern (Azure Cloud) Virtual

- Implemented a cloud ETL pipeline using PySpark and Azure data services.
- Automated data ingestion using Azure Data Factory to load large datasets into Azure Data Lake Storage.
- Performed data transformation and analysis using Azure Databricks and Synapse Analytics.

OctaNet Services Pvt Ltd. September 2024 – October 2024

Web Development Intern Virtual

- Developed responsive web applications using HTML5, CSS3, and JavaScript.
- Practiced industry-standard coding conventions, project structuring, and workflow management using Git.
- Successfully deployed and managed application hosting on an AWS S3 Bucket.

EDUCATIONAL QUALIFICATION

B.Tech (CSE)	Amity University Rajasthan	CGPA: 8.52	2022 – 2026
Class XII	Defence Public Sr. Sec. School	91.60%	2021
Class X	Prince International School	77.83%	2019

CERTIFICATIONS

- **Machine Learning & Deep Learning with Python** - IBM (Coursera) 2026
- **AWS Academy Cloud Foundations** - AWS Academy 2025
- **DevOps Workshop (Docker & CI/CD)** - Upflairs Pvt. Ltd. 2025
- **PHP and MySQL Training** - Spoken Tutorial (IIT Bombay) 2024

RESEARCH PUBLICATIONS

- Co-authored the research paper "**Hybrid Transformer Approach for Multilingual Fake News Detection using XLM-RoBERTa and MuRIL**" – 9th International Conference on Innovative Computing and Communication(ICICC-2026). 2026
